

Stumped this month for Saturday-night options? Start here.

Bar Stop
San Francisco
and Boston

At Press Club in San Francisco, eight local boutique wineries let guests take a sip. Some of the offerings aren't even available to the public. At Drink in Boston, you don't order a cocktail off the menu but instead tell the bartender what flavors or alcohol you want to have. He'll create a drink to suit your mood. pressclubsf.com, drinkfortpoint.com
